your summer vacation.

VOLUME 50—NUMBER 63.

NEWARK, OHIO, FRIDAY EVENING, AUGUST 10, 1906.

TEN CENTS A WEEK.

SUPT. VANATTA GETS NOTICE TO LEAVE HIS POST AUG. 20

Oder and Penney Will Be
Joint Superintendents
Of Cemetery

SAYS PUBLIC SERVICE BOARD

ACTION OF OFFICIALS CREATES
STORM OF INDIGNATION

Board Says Mr. Vanatta's Work In
Connection With Strike
Is Responsible.

Friday afternoon Supt. Geo. Van
Atta received a communication from
the Board of Public Service notify-
ing him that his services at Cedar
Hill cemetery would be no longer
needed after August 20.

During the day John M. Penney re-
ceived his official appointment as "in-
side" or office superintendent of the
cemetery and at the same time James
E. Oder, who has been Mr. Van At-
ta's foreman, becomes "outside"
superintendent of Cedar Hill.

When pressed for the reasons why
the Board had dismissed Mr. Van
Atta, President Christian said Friday
noon that the Board had hoped that
Mr. Van Atta might be given an op-
portunity to resign, but that the Ad-
vocate's publication of the story on
Thursday made it necessary for the
facts to come out now. The Board's
chief grievance against the superin-
tendent is his failure to quell the
grave diggers' strike and his alleged
failure to report to the board at an
early date the demand of the men for
more money. Members of the Board
say that when two of their number
went to him for the purpose of seeing
the diggers and settling the trouble,
he assured them that all could be
settled without their help, and gave
them to understand that it would be
better for them to keep out of it;
that he failed to stop the strike and
that the men who quit work refuse to
work under him longer. The Board
members say that the grave diggers
have been demanding more pay for
the past three months, but that the
first they knew of it was when the
strike was on.

Oder's salary will be \$600 and the
residence at Cedar Hill, and Pen-
ney's salary will be \$500, says Presi-
dent Christian.

Politics—The action of the City
Board of Public Service in dispens-
ing with the valuable services of Mr.
George Van Atta, superintendent of
Cedar Hill cemetery, may be summed
up in that one word.

The Board on Friday morning was
mum regarding the action taken in
this matter, but one of the members
did go so far as to admit that Mr.
Van Atta's involuntary resignation
will not go into effect until the 20th
inst. This remark dropped from his
lips before he intended it, when an
Advocate reporter late Thursday af-
ternoon dropped into the office and
startled the Board with an inquiry
about the action that was supposed to
be a profound secret.

Mr. Van Atta is to give way with-
in a short time, and current rumor
had it that Mr. John M. Penney is to
succeed him; that is, that Mr. Penney
is to do the office and book work con-
nected with the cemetery and Mr.
James E. Oder, who has been Mr.
Van Atta's foreman is to be elevated
to the office of assistant superintendent.

Mr. Van Atta has been receiving
\$1000 a year for several years, but
for a dozen or more years he was
paid \$600 annually.

Under the new code the Service
Board has the right to remove the
superintendent for cause and in this
case it is believed that the "cause"
will be insubordination and failure to
stop the grave diggers' strike. Mr.
Van Atta's insubordination is under-
stood to consist in his refusal to per-
mit William Burke to work in the
cemetery, and because of his dismis-
sal of another man who was sent to
the cemetery by a member of the
Board after he had finished what
work there was for him to do.

The Advocate has no word of criti-
cism for Mr. Penney, but it does say
that when a man like George Van
Atta is ousted simply to give place to
another, a protest should be made. If
Mr. Van Atta had in any way negli-
genced his work, if he was in any in-
competent or if he disregarded any
reasonable instructions given by the
city through its Service Board, there

would then be just cause for his re-
moval. But, Mr. Van Atta in all the
years he has served as manager of
Cedar Hill cemetery, has been every-
thing that a superintendent should
be. He has a state reputation as a
cemetery superintendent and now is
vice president of the state associa-
tion. For many years he has attend-
ed both the state and national associ-
ation meetings and knows today more
about cemeteries and the way to
manage them than any dozen men in
town. This is because he has made
it a close study for nearly 18 years,
and because he has taken the deepest
interest in his work.

It would be impossible for one to
(Continued on Page 7, 2d Col.)

REMARKABLE IS SPEECH MADE BY JUSTICE BREWER

SUPREME COURT MEMBER AS-
SAULTS COLONIAL POLICY OF
THIS COUNTRY.

PAYS RESPECTS TO CONGRESS

Is There No Danger in Centraliza-
tion?—Have People Forgotten
Revolutionary War?

Hot Springs, Va., Aug. 10.—In a re-
markable speech before the Virginia
Bar Association, Associate Justice
Brewer of the supreme court of the
United States, vigorously assailed the
recently developed colonial policy of
the country and criticised in severe
terms present methods of legislation by
congress.

Referring to the insular policy de-
cided by the supreme court, he said:
"Did the candid intelligent men who
adopted this legislation and the people
who adopted it, having just finished a
seven-year war to free themselves
from colonial subjection to Great Brit-
ain intend to vest in the government
they were creating the power to hold
other territory in like colonial subjec-
tion?"

"I can but look upon it as an imputa-
tion upon, either the integrity or the
intelligence of the framers of the con-
stitution that this nation should es-
tablish for other lands that same col-
onial subjection to relieve themselves
from which had been waged such an
earnest and exhausting war."

Turning his attention to congress the
justice proceeded:

"Was there ever such a mad
scramble on the part of everyone be-
lieving in the existence of some legal
wrong for congressional legislation to
redress? Trade-marks, divorces, poly-
gamy, insurance, supervision of cor-
porations, inspection of factories, all
are crowded upon congress and an ap-
peal made to it for action, and when
some of the legislation proposed proves
to be in conflict with previous deci-
sions of the supreme court, the effect
of those decisions is sought to be ob-
viated by subterfuges of legislation."

"I said five years ago, and the truth
has not diminished with the passing
years, that Washington is the great
lobby camp of the world."

"It is profoundly true that congress-
ional legislation is not legislation by
representatives of the people, but by
committees of such representatives,
tries and wants become more varied,
the burden on congress will continue
to increase if this tendency toward cen-
tralization is not stayed."

"Is there not danger in this cen-
tralization of building up the party
machine and the party boss and giving
them a power such as has never been
dreamed of in this country? How
strenuously even now the party whip
is swung over the heads of congress-
men and senators?"

The justice here cited an illustration
of the statehood fight in the last session
of congress.

The speech created a profound im-
pression on the members of the asso-
ciation.

STEAMER ASHORE.

Ponta del Cada, St. Michaels, Azor-
islands, Aug. 10.—The steamer Brook-
lyn, bound from Marseilles for New
York, went ashore here today as she
was entering the harbor.

The Brooklyn is owned by Frank
Zettlitz, banker of New York. At the
office of the company today the
statement was made that no news of
the vessel going ashore had been re-
ceived. The accident could not have
been serious, it was stated, or a re-
port would have been received.

Enos Hamper, 17, a miner at Well-
ston, O. hit off his tongue when jolted
while riding in a car.

A LOYALIST DEMONSTRATION IN RUSSIAN ARMY IN FAVOR OF CZAR.

WOMAN JUMPS FROM TRAIN TODAY WHILE GOING 60 MILES AN HOUR SCREAMING "I HAVE DONE WRONG"

LOVELAND, OHIO, Aug. 10.—Estella Bloomingdale, aged 30, leaped
feet foremost from the New York flyer on the B. & O. railway near Mad-
isonville this morning while the train was running 60 miles an hour. She
was fatally injured. The woman was sent to Cincinnati. As she leaped
the passengers heard her scream, "I have done wrong; I don't want to
live any longer." She was weeping when she boarded the train at Cincin-
nati early this morning. She had a ticket for Marietta which is said to
be her home. No reason is known for her attempted suicide.

JUDGE LAWRENCE'S DECISION IS VICTORY FOR CITY OF CLEVELAND

Cleveland O., Aug. 10.—Judge Law-
rence today decided that the Cleveland
Electric Railway company has no
"property right in" or "exclusive right
to" the center of Fulton road. The
city has the right to order it to re-
locate its tracks even to make room for
the tracks of another company and
may do the work itself if the company
refuses or fails to do so. The court
refused to make a mandatory order
compelling the city to replace the
tracks. The temporary restraining or-
der is continued in force preventing
the city or municipal company from
doing any further work in Fulton road.
The council resolution under which
Public Service Director Springborn ac-
ted, was illegal, because of the manner
of its adoption and consequently
Springborn had no right to tear up
the tracks. Notice was given that the
city and the new low fare company
must not interfere with the old com-
pany if it attempts to relay the track
run up.

A HAND TO HAND FIGHT IN FAR EAST

Americans Killed and Natives Cap-
tured All Their Arms, Ammuni-
tion and Supplies.

Manila, Aug. 10.—In a hand-to-
hand fight with Filipinos at Juhita,
Island of Leyte, First Lieut. John F.
James and two privates of the Eighth
infantry, Contract Surgeon Colvin
Snider and Internal Revenue Collec-
tor Williams were killed. A detach-
ment of ten men under James was
attacked. They made a gallant fight,
but were greatly outnumbered. The
natives captured all the arms, ammu-
nition and supplies of the Americans.

Ball Captured.

Middlesboro, Ky., Aug. 10.—Frank
Ball, who recently escaped from
Richmond, Ky., was captured in St.
Louis, Mo. He was taken to the
jail which he had been hiding in for
some time. He had killed Jack Brown,
a Chicago barber, and after escaping into
the mountains was finally landed in
jail at Richmond, Ky. through the
work of the Middlesboro military
company. Not long ago he broke jail
and fled to the mountains.

NEBRASKANS TO WELCOME BRYAN

At Least 500 of Them Will Go to New
York to Attend Big Recep-
tion Here.

New York, Aug. 10.—The executive
committee of the Bryan reception
committee today announced that at
least 500 Nebraska delegates, ex-
ecutive committee members, and
other delegates will go to New York
to attend the big reception here.
The committee also announced that
the Nebraska delegates will be met
at the New York hotel and taken to
the city hall for the reception.

BAIN DIES

New York, Aug. 10.—John Bain,
22, of St. Louis, Mo., died of a
heart attack while on his way to
work.

UNCLE SAM TAKES HAND IN ICE FIGHT

Numerous Railways Will be
Investigated on Re-
bate Question

Important Witnesses Who Have So
Far Escaped—Now Being Pur-
sued by Marshals.

(Bulletin.)

Toledo, Aug. 10.—For the first time
the government has taken a hand in
the fight between the people and the
ice trusts. Uncle Sam is after the
local trust and the railroads are back
of it. Three weeks ago the Interstate
Commerce commission sent Agent
Luther M. Waller from Washington
to investigate railroad connection
with the trust. Waller spent a week
quickly hunting down the facts and
the result of his report was a deci-
sion of the commission to have a
hearing here August 14. The Anti-
Arbitration and Protective railways,
supposed to be back of the Ohio Ice
Trust because of their control of the
natural ice of Michigan, will be in-
vestigated in particular and in general
the Cincinnati, Hamilton & Dayton,
Big Four, Detroit & Toledo South
Shore, Rocking Valley, Lake Shore,
Ohio Central, Pennsylvania, Pere
Marquette, Clover Leaf, Wabash,
Wheeling and Lake Erie, Toledo
Railway and Terminal lines. It will
be an inquiry into the rates and re-
bates on ice from Michigan. United
States marshals' deputies are now
busy serving subpoenas. It has just
been discovered that the railroads
learned of the investigation and spiri-
tally some important witnesses away.
They are being pursued. Service was
served on the contacted local ice
men. Service has been secured on
some minor railroad officials who are
in position to know the facts con-
cerning the rebate.

ONLY ONE KILLED

St. Louis, Aug. 10.—Frank
Bain, 22, of St. Louis, Mo., died of a
heart attack while on his way to
work.

FIGHT STILL ON

St. Louis, Aug. 10.—In spite of the
fact that the village authorities have
been ordered to close the streets, the
fight between the police and the
mob is still on.

SEVENTY-FIVE BADLY INJURED IN TEXAS WRECK THIS MORNING

Elizabeth Condit this morning. Mrs.
Condit is Condit's mother and the
heroine of Wednesday's pile-wrecking.
But for her determined stand upon the
dock, the highway commissioners would
have torn down 50 feet of the pier in-
stead of fifteen. Mrs. Condit stood
upon the bridge and told them if they
threw the structure into the water she
would go down with the wreck.

MUTINY QUELLED.

St. Petersburg, Aug. 10.—An inci-
dent mutiny in an infantry regiment
stationed at Okatishora, a suburb,
was quelled in its initial stages today
through the prompt action of the
commander. The soldiers here dis-
armed with the ringleaders under ar-
rest.

TANNER ARRIVED IN MINNEAPOLIS THIS MORNING

PREPARATIONS COMPLETE FOR
THE G. A. R. ENCAMPMENT
NEXT WEEK.

25,000 VETERANS EXPECTED

And Two Hundred Thousand Visitors
Are Looked For—Tanner Has
a Bad Hand.

Minneapolis, Aug. 10.—The prepara-
tions are complete for the G. A. R.
encampment next week. James A.
Tanner, commander, arrived this
morning in a special car from Wash-
ington, and was received with a salu-
te by a battery of the Minnesota
National Guards. He refused to ride
in an automobile to the Hotel West,
where he will establish headquarters.
The commander's right arm is in a
slight account of a felon which will
prevent him shaking hands next week.
It is expected 25,000 veterans will be
in the parade and 200,000 visitors are
looked for.

LOEB IS SUED

Oyster Bay, Aug. 10.—Secretary
Loeb today was served with papers
in a \$50,000 suit for damages insti-
tuted by Miss Madge Doree, the au-
thoress, who was arrested in Wash-
ington last winter. "If Miss Doree
has any suit against any one it is
against some person connected with
the Washington police force," said
Loeb. "She was arrested by the police
for distributing circulars outside
St. John's church on a Sunday, and I
did not have anything to do with it."
St. John's is Mrs. Roosevelt's church.

OFFERS A FORTUNE

Hill House, Miss., Aug. 10.—John W.
Elbridge will give a fortune for a cot-
ton-picking machine that will come up
to the requirements of his managers.
The "cotton king" says: "I'll give
\$50,000 cash to the inventor who can
deliver to me a machine that will pass
the inspection of three managers on
my plantation that can pick cotton
from the plant, if he can deliver it be-
fore November 1st."

ARMY OFFICER

John S. Hamilton is Missing—Note
Found Says He Intended to
Commit Suicide.

Washington, Aug. 10.—Army offi-
cers stationed here are much con-
cerned regarding the whereabouts of
John S. Hamilton, second lieutenant of
the Twelfth infantry. Under date
of Aug. 2 Hamilton addressed a letter
to the chief of staff notifying him
that he intended to commit suicide,
requesting that when his body was
found it should be buried beside that
of his father in Arlington cemetery,
across the Potomac from this city.
The letter came from Chicago, and
declared that at one time he discov-
ered the men fighting and separated
them. An carbon copy of the letter
found in the cell was evidently the weapon.
It is believed the men were killed while
they slept.

Coal Mines Flooded.

McKeesport, Pa., Aug. 10.—Coal
mines at Coakley, owned by the McKees-
port, Kansas & Texas railroad, were
flooded by a creek backing up, the re-
sult of the recent heavy rains. Prop-
erty valued at \$2,000,000 is badly dam-
aged, and 600 men are out of employ-
ment. News of the disaster was re-
ceived here today.

Two Coaches of Long Train at High Speed Left Track on Curve

NUMBER OF INJURED WILL DIE

SLEEPER AND PARLOR CARS LEFT
TRACK AND TURNED OVER

Two Doctors Who Were on Train Be-
gan Work of Relief—Others
Soon Arrived.

(Bulletin.)

Fort Worth, Tex., Aug. 10.—A north-
bound Fort Worth and Denver passen-
ger train was wrecked early this
morning at Fruitland, near Bowie.
The sleeper and parlor cars left the
track and turned completely over. No
one was killed, but fully 75 people were
seriously injured. The train was a
heavy one, and was being pulled by
two engines. While going around a
long curve at a speed of 35 miles an
hour, the two coaches left the track,
the wreck being caused by a defective
rail. There were two doctors on the
train and they at once began the work
of relief. The injured have been taken
to Bowie and the company is doing
all in its power for their comfort. A
special train was made up here this
morning and left for the scene of the
accident carrying the officials of the
road and six physicians. Late reports
from the scene of the accident say
that a number of those hurt are expect-
ed to die.

TURKS ARE BEATEN BY PERSIANS IN SKIRMISHES

Constantinople, Aug. 10.—Trouble
again arises over the subject of the
Turkish-Persian frontier and the out-
look is serious. Turkey and Persia
are concentrating forces to be pre-
pared for eventualities. Persia has
mobilized an army of 15,000 men in
the province of Lishenza and Turkey
has retaliated by mobilizing troops.
Daily skirmishes are occurring be-
tween van guards of the armies in
which the Persians have been uni-
formly victorious. Dysentery has
broken out among the troops and car-
ried off 350 within a few days.

PAY IS INCREASED

Wellston, O., Aug. 10.—The employ-
ees of the Wellston Steel and Iron com-
pany were agreeably surprised when
they opened their pay envelopes and
found an advance of 10 per cent in
wages. The increase was voluntary on
the part of the company.

Eugene Zimmerman, the millionaire
railroad magnate, of Cincinnati, owns
the controlling stock in the company.
Two hundred and seventy-five men are
affected by the increase.

KILLED IN PRISON

White Men Found Dead in Cells With
Skulls Crushed—Cell Mate
Is Accused.

Lufkin, Tex., Aug. 10.—H. H. Tra-
wick and Sam Chandler, white men
confined in the Angola county jail
here, were found dead in their cell.
The skulls of both men were crushed,
and John Wilson, held on a minor
charge and confined in the same cell,
is held on a charge of having mur-
dered his cellmates. While denying
that he committed the crime, Wilson
made a number of conflicting state-
ments concerning the tragedy. He
declares that at one time he discov-
ered the men fighting and separated
them. An carbon copy of the letter
found in the cell was evidently the weapon.
It is believed the men were killed while
they slept.

Charles H. Adams, of Iowa, Demo-
crat, announced himself as under-
standing at Coakley, owned by the McKees-
port, Kansas & Texas railroad, were
flooded by a creek backing up, the re-
sult of the recent heavy rains. Prop-
erty valued at \$2,000,000 is badly dam-
aged, and 600 men are out of employ-
ment. News of the disaster was re-
ceived here today.

NEWS FROM TOWNS ROUND ABOUT NEWARK

GOOD ROADS MEETING HELD

MR. LEVI KNOWLTON OF UTICA, WAS PRESIDING OFFICER AT THE GATHERING.

Speeches by Wm. A. Ashbrook, M. L. Smyser, S. A. Duke of Arkansas and others.

The Licking County Good Roads Association held a large and enthusiastic meeting at Johnstown Thursday and everything indicated that the people in that part of the county are interested and wide awake in the matter of having better public highways on which to travel.

About 30 persons became members of the association by paying 25 cents, which entitles them to all benefits, including valuable literature sent out occasionally by the secretary, W. L. Proust.

The meeting was called to order by W. C. Weiant of this city, who introduced Mr. Levi Knowlton of Utica, as permanent chairman. The first speaker was the Hon. W. A. Ashbrook, who formally welcomed the association to his native village in an appropriate address. The speakers who followed were: Hon. M. L. Smyser of Wooster, J. L. Wyly of Granville, Rev. Mr. Kite of Johnstown, and Hon. S. A. Duke of Arkansas. All of the speeches were replete with excellent thoughts along the line of good roads.

The following points were very forcibly brought out during the talks that work upon the roads should be applied more intelligently, as a very large per cent of work done upon them makes them worse rather than better; that no boulders, so, or cut briars or brush should be left in the traveled part of the highway; that the King method should be used; that farmers should not allow weeds and objectionable truck grow along the roads through their farms; that good roads enhance the value of land and are a social blessing; that the present rural free delivery system necessitates good roads; that the appropriations for good roads should be made as liberally as we have appropriations for rivers and harbors, state and national militia, etc.; that there are about 1500 miles of roads in Licking county, a greater part of which are nearly impassable during the greater part of the year; that the law protecting roads from heavy loads when in a soft condition, and from heavy vehicles with narrow tires, should be enforced; that public sentiment should be created in favor of better roads by holding good roads meetings in different parts of the country; that as paved streets and beautiful lawns make city property valuable and beautiful, so good and well kept roads and beautiful country lawns do not only enhance farm land in value, but with telephones and rural mail delivery, will make country homes attractive and pleasant and prevent such an exodus to the cities; lastly, that enough money has been spent, under the old supervisor law, to, if judiciously and wisely applied, make good roads all over Licking county.

Those who attended the meeting from this city and vicinity were: W. S. Weiant, W. L. Proust, Mr. and Mrs. O. C. Larason, Mr. and Mrs. T. C. Jury, Mr. and Mrs. W. V. Davis, T. B. Fulton and Postmaster George Heisey.

CROTON REUNION

Program For Soldiers and Sailors Gathering in Hartford Aug. 23 is Now Announced.

Croton, Aug. 10.—The program for the Big Four reunion to be held at this place, August 23, to which all are invited, is given below:

10.30, Address of Welcome, D. L. Perry.
Response, Col. D. L. Wood of Newark.

NEWS BOILED DOWN

KILLED BY TRAIN.

Zanesville, Aug. 10.—Wm. H. Fritz, son of George Fritz of Chestnut street was run over to death beneath the wheels of a Pan Handle train yesterday at New Kensington, Pa. He was 42 years old.

JUDGE FRAZIER'S FUNERAL.
Caldwell, Aug. 10.—The last rites over the body of Judge William H. Frazier who dropped dead in Los Angeles a few days ago, after a long trip across the country to meet his daughter, were held yesterday at the family home.

HENTHORN WHEAT CROP.

Alexandria, Aug. 10.—Morey Henthorn raised and threshed over 1300 bushels of wheat this year. About 60 acres, a large part of which was on corn ground where corn shocks took out a good part of it. The average yield would have been about 25 bushels per acre on actual ground sown, sold at 70 cents delivered from machine to warehouse.

LIVED JUST 66 YEARS.

Zanesville, Aug. 10.—Mrs. Samantha Flowers, wife of Joseph B. Flowers, died at the family home on Mead street at 10:30 last night, after nearly a year's illness with dropsy. Mrs. Flowers died on her 66th birthday anniversary.

JUDGE ROCHE DYING.

Coshocton, Aug. 10.—Judge Roche continues to decline. All hope of his recovery has been abandoned by the family.

A BAD CASE.

Coshocton, Aug. 10.—It is reported that a certain colored man and a young white woman, both of whom live on Second street, eloped yesterday afternoon on train No. 6 of the Pan Handle. It is thought that they are the couple who attempted to get a marriage license from Judge Donley, but were refused.

HODGES IS EDITOR.

Johnstown, Aug. 10.—Prof. H. L. Hodges, a former Johnstown man, is editor of the Prairie Depot Observer.

JOHNSTOWN ELECTRIC.

Johnstown, Aug. 10.—L. P. Stephens, general manager of the Columbus, New Albany and Johnstown Traction company, assured the committee that was over to Columbus on gas business, that the electric line from Columbus to Johnstown would be positively completed and in operation within a year.

LODGE INSTITUTED.

Johnstown, Aug. 10.—An Eastern Star lodge was instituted here Wednesday night. The Smubury team did the work. The lodge was instituted with about 25 charter members.

NEW GAS COMPANY.

Columbus, Aug. 10.—Among the Ohio incorporations is the Johnstown Gas and Supply company of Johnstown; W. A. Alsdorf and others; capital \$30,000.

OIL IN COSHOCTON.

Coshocton, Aug. 10.—A splendid flow of oil and gas has been struck on the Tom Crowell farm in Washington township. The well is the third one drilled in that vicinity. It is probable that more will be drilled soon.

OHIO MAGAZINE.

Columbus, O., Aug. 10.—Within a few days papers incorporating the Ohio Magazine Publishing company with a capitalization of \$30,000 will be filed. The company, which will have as its stockholders some of the leading business men of the city, will publish the Ohio Magazine, of which Webster P. Huntington is editor.

HIS 1489th Wedding.

Centerburg, Aug. 10.—Guy C. Landersbaugh a Mt. Vernon blacksmith, well known here and at Lock, and Clara Elizabeth Crisman, of Milford township, were united in marriage on Sunday by Rev. J. H. Hamilton at his residence in Mt. Vernon. This was the 1489th couple married in Knox county by Rev. Mr. Hamilton.

FOUR REUNIONS NEAR JOHNSTOWN

GREEN-WILLISON GATHERING TO CELEBRATE 100TH SETTLEMENT ANNIVERSARY.

Shaub, Dumbauld and Gorsach-Hoover Reunions Set For August 15th and 16th.

Johnstown, Aug. 10.—The Shaub reunion will be held at the home of Noah Overturn, Thursday, August 16. All relatives are requested to be in attendance.

The Dumbauld reunion will be held next Wednesday, August 15, at the home of Chas. Slife one mile north of New Way. Everybody cordially invited.

The Gorsach-Hoover annual reunion will be held August 15 in Blar Grass Grove, Sunbury. Everybody is cordially invited.

The Green-Willison reunion will be held in the Green grove near Johnstown, Thursday, August 16. This year they will celebrate the 100th anniversary of the first settlement in this section of Licking county.

UTICA NEWS

Mary Cement Walks Put In—Hayes-Bell Reunion—Dinner Party. Little Girl Hurt.

Utica, Aug. 10.—Our town is wonderfully torn up in parts, occasioned by removing the old freestone three and four foot walks and replacing them with concrete from four to seven feet in width. Utica property owners are putting in cement pavements, which is costing \$200 every working day.

The Hayes and Bell Reunion will take place at the Bell church August 18. Good speakers are expected to be present and there will be a good time generally. Everybody invited.

Calvin Moore, a son of Milton Moore and nephew of Ellen Moore, after an absence of 15 years from Utica, made a visit here Monday and Tuesday.

Rev. Mr. Blair will preach the sermon next Sabbath evening at the town hall.

Judge Seward was in Utica last week looking after his political forces which are in great need of repair since Thomas Beaton Fulton and ex-Judge Wickham have found a great many defects therein of late, and it will require lots of hustling to make matters right very soon for the judge.

Mrs. Thraill had a dinner party at high noon Tuesday in honor of her grand-daughter, Mrs. Alta McEwen. Mrs. C. W. Jewell, the Misses Conrad and Miss Mary Moore of Newark, were the other participants in the sumptuous repast for which Mrs. Thraill is so famous.

B. M. Cline has resigned as manager of the Central Window Glass company and John W. Borrey, late of the American Window Glass company has been engaged as his successor.

Grace Abbot, daughter of Frank Abbot, got a severe fall from the merry-go-round at the picnic ground Thursday and was picked up unconscious. Fearing that she was badly hurt her friends summoned Dr. Smith, and he reached the grove just as the little girl was recovering her senses. Grace was all right after a few hours.

NEW FACTORY FOR JOHNSTOWN

Johnstown Gas and Supply Company is Incorporated With a Capital of \$30,000.

Johnstown, Aug. 10.—Baker Bros. of Indianapolis, Ind., spent four days last week in Johnstown, negotiating the location of a glass factory. They have returned home with practically all details complete, much pleased with the outlook, and assured the committee they were ready to sign the contract to begin work on the new factory buildings just as soon as the Johnstown Gas & Supply company is incorporated and ready to close the deal. The company was incorporated yesterday at Columbus, with \$30,000 capital. Now there is

Johnstown, Aug. 10.—Baker Bros. of Indianapolis, Ind., spent four days last week in Johnstown, negotiating the location of a glass factory. They have returned home with practically all details complete, much pleased with the outlook, and assured the committee they were ready to sign the contract to begin work on the new factory buildings just as soon as the Johnstown Gas & Supply company is incorporated and ready to close the deal. The company was incorporated yesterday at Columbus, with \$30,000 capital. Now there is

little doubt that the factory will come.

A right of way committee consisting of Messrs. Chas. Pratt, M. D. Shrader, E. A. Pratt and M. L. Patton spent a couple of days securing the horses to lay the pipe line from the field to Johnstown and had good success. The horses were closed for the entire distance except four and there will be no trouble about those. The farmers are equally interested in booming Johnstown, and gave the right of way without charge. The stockholders and there are 240 of them, appreciate the consideration shown their company.

The committee called A. A. Staser, of Newark, here Tuesday and he completed the incorporation papers of the Johnstown Gas & Supply company. Attorney Staser also has prepared the contract with Baker Bros. and the same goes in this today.

A meeting of the stockholders was called for next Monday, August 13, between 1 and 6 p. m. for the purpose of completing the incorporation papers and paying the first assessment of 10 per cent. This was determined at the meeting held at the town hall Tuesday night. An election of officers will be held Monday at which time the company will be organized. The matter of a site for the new factory is yet unsettled. Just as soon as the officers are elected contracts will be made for putting down two wells. Already another factory is being considered and within the next year there will quite likely be two or three factories in Johnstown. Our population will be doubled.

ANNUAL REUNION

of Kinney and Young Families Held at the Home of O. B. Young, in Cherry Valley.

The sixth annual reunion of the Kinney and Young families was held at the home of O. B. Young, on the Cherry Valley road, on Thursday, Aug. 9. There was a very large attendance in spite of the threatening weather. Seventy-seven relatives with their many friends registered. At noon a delicious picnic dinner was served on the spacious lawn and after which the following program was rendered:

Opening Address—O. B. Young.
Recitation—Paul Kinney.
Piano solo—Mary Young.
Recitation—Amy Wheeler.
Piano solo—Ruth Young.
Recitation—Marie Kinney.
Vocal solo—Mrs. Myrtle Taylor.
Address—Robert Fulton, of Cincinnati.

Piano duet—Helen Kinney and Laura Young.
Letters from absent relatives and the minutes of the last meeting.

After the very pleasing program the following officers were elected for the ensuing year:

President—O. B. Young.
Vice President—A. E. Taylor.
Secretary—Laura Young.
Treasurer—Clem Kinney.
Executive Committee—Loe Gallaway, S. F. Van Voorhis, W. D. Kinney.

Program Committee—Mayme Taylor, Myrtle Taylor, Fanny Moore.
Finance Committee—Frank Handel, Sam Kinney, Clarence Young.

The date set for the next reunion is the second Thursday in August 1907. No deaths were reported and only one birth, that of Oren Kinney. At a late hour in the day the families departed, vowing this reunion one long to be remembered, especially since Robert Fulton, of Cincinnati, who delivered the address at the first reunion held thirty-five years ago, was present and addressed the assemblage in a most pleasing manner.

Australia is the only empire in the world which has never had colonies, or even transmarine possessions in any quarter of the earth. Her ambition has hitherto been continental.

Rev. James Brady, Baptist preacher, of Morristown, Tenn., bitten by his own dog, died of hydrophobia.

Eyeglasses and Spectacles

Wearers Attention

I have accepted the agency for the celebrated Dr. D. E. Martens' lenses. The lenses are almost as hard as a diamond and will neither chip, scratch nor break with the roughest use of face. Come and have your eyes tested and get a pair of these wonderful lenses. Absolutely guaranteed. Call and see them at

Lichtig's Optical Parlors

16 1-2 North Park.
Open from 9 to 5. Sunday from 2 to 5 p. m.

RAILWAY AFFAIRS

Ohio Central Lines.

According to a statement just issued by the Ohio Central lines, the gross earnings for the Toledo & Ohio Central system for the year ending June 30, were \$1,072,162.72, an increase of \$305,511.25. The net earnings were \$753,927, an increase of \$123,553.46.

Widening B. & O. Roadbed.

The B. & O. has had four extra gangs of men at work on this division during the past month widening their roadbed to the standard width, eight feet. In a few days they will begin to reballast the track. About five miles of the roadbed has already been widened and ten miles of 85-pound steel rails laid. Three and four work trains and a steam shovel are employed daily on the work of improvement. When the work is finished the roadbed will be in better shape than at any time in the past. Mansfield Shield.

Mt. Vernon's New Station.

Contractor Ransom has broken ground for the new B. & O. station at Mt. Vernon.

Railroad Items.

Engineer M. J. Cosgrove, who has been quite sick for some time, has gone to Mt. Clemons, Mich., for treatment. His many Newark friends hope that he will derive much benefit and that he will soon be able to go back on his engine.

J. W. Acton, a helper employed in the shops, had the misfortune to meet with a very painful injury, caused by the blowing out of a plug of a hot water pipe. He was engaged at work on the pipe when the plug blew out and one of his hands was badly scalded.

Ray Penick, an employee of the shops, is unable to work on account of sickness.

Brakeman J. R. Heffy is suffering with a badly inflamed eye, the result of a hot cinder finding lodgment in it. He has been unable to work for some days.

Fireman C. M. Sealls, who has been unable to work for some days on account of sickness, has recovered and feeders \$3 20@4 25; cows and heifers \$2 50@3 20; canners \$1 10@2 35; Texans \$3 05@4 75; westerns \$3 65@5 75.

Perry Haight, a shop employee, is suffering with an attack of malaria and is unable to work.
F. W. Montgomery, a popular yard brakeman, sprained one of his ankles very badly while getting off a car, and will be unable for service for a few days.

Fireman R. L. Morrison is on the sick list.

Fireman J. D. Patton is unable to work on account of being poisoned with ivy.

Arthur H. Brown, a shop employee, is unable to work on account of a troublesome boil.

F. F. Herdon, who has been unable to work for some time on account of an injury to one of his thumbs, has recovered from his injury and has returned to work.

Fireman Arthur Mason is confined to his home on Dewey avenue with sickness.

G. W. Stinger, a blacksmith, has been quite sick for the past two weeks. Brakeman J. R. Landis, who has been unable to work for some days on account of a broken finger, is rapidly recovering from the injury and will soon be able for service again.

Thomas Hughes, a popular B. & O. blacksmith, who has been unable to work for some days on account of sickness, has recovered and returned to work.

Michael Minser, a helper in the shops, is confined to his home on Seventh street with a severe attack of malaria.

Robert Lytle, of the B. & O. clerical force, who has been suffering with an attack of typhoid fever for the past seven weeks, is able to be out again.

Backache and Sick Kidneys Are quickly relieved and permanently cured by the New Herb Cure.

FATHER WILLIAM'S INDIAN TEA, Nature's Remedy, gathered in the Rocky Mountains. Pure and simple but sure and certain. Acts like magic on the KIDNEYS and BLADDER, cures BACK ACHE, CONGESTION OF THE KIDNEYS, RHEUMATISM, GOUT, JAUNDICE and BRIGHT'S DISEASE. Give it a trial and be convinced. Put up in Tea and Tablet form, 25 and 35 cents a package. W. A. Erman & Son, Third street and Union and W. Main.

Wreck of express train on B. & O. at Odell, O., by a light engine crashing into rear car caused death of A. C. Everett, of Pittsburg, fireman on the light engine.

In Russia an extensive domestic industry consists of the manufacture of wooden spoons, of which as many as 30,000,000 are made annually. They are nearly all of birch wood.

Asa DeKruze, who has been chosen chief of the Apache Indians to succeed Geronimo, is a graduate of the Indian school at Carlisle, and has great influence with his tribe.

There is nothing so bad but something good can be said in its favor. The "peckaboo" waist is at least an improvement on the Fiji Island idea. —Los Angeles Times.

S. S. S. PURELY VEGETABLE

The forests and fields are abundantly supplied with vegetation of various kinds, not alone to beautify the land, but to furnish the ingredients for making a remedy for every ill and ailment of mankind. Medicines made from the roots and barks, which nature has placed at the disposal of man, act better in every way than do strong mineral mixtures and concoctions—the products of the chemist's shop. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic dyspepsia and often entirely ruining the health. S. S. S. enjoys the distinction of being the only purely vegetable remedy on the market. It is made entirely of gentile-acting, healing, purifying roots, herbs and barks, possessing properties that build up and invigorate all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all disorders of the blood by cleansing the circulation of the cause, and it cures safely as well as permanently. It is as safe for children and old people as for those in the prime of life, and is the one blood medicine that may be used without fear of bad after-effects. Book on the blood sent free to all who write.

NEWSY NOTES

Called for information of Advocate Readers.

New eyeght Correction Parlor at Haynes Bros. Jewelry Store. Scientific methods. 4-24-dit

Clinton Street Property. Clapper & Clapper on Thursday sold the Kate Petsch property on Clinton street to Flora Wood Dean for a consideration of \$2500.

Black Run Picnic. The annual reunion of the Sunday school at Black Run will be held on Saturday. Quite a number of Newark people will attend.

A. I. U. Picnic. A. I. U. picnic Thursday, August 16th at Buckeye Lake Park by the Zanesville and Newark Chapters. Special cars all day. Lunch baskets checked free. Everybody come. 9-6t

Social Saturday. The Daughters of Liberty will give a social at Red Men's hall Saturday, August 11, 1906. Reception, supper, refreshments from 5 to 10 p. m. Supper 10 cents. Ice cream and cake, 10 cents. dit

A. I. U. Picnic. A. I. U. picnic Thursday, August 16th at Buckeye Lake Park by the Zanesville and Newark Chapters. Special cars all day. Tickets good on all cars. Lunch baskets checked free. Everybody come. 9-6t

Successful Operation. Leslie, the seven year old son of Mrs. Merriman of 40 Clinton street, who underwent an operation at the hands of Drs. Evans and Boyer on Wednesday of this week, is getting along nicely, and it is thought that he will make a rapid recovery.

Baby Girl Arrives. A telegram has been received by relatives at Utica announcing the birth of a daughter to Mr. and Mrs. Earl Bell of Pittsburgh. Mrs. Bell was formerly Miss Fay Sperry daughter of Mr. and Mrs. Wilson Sperry of Utica. Both are well known here.

Fred Burrell's New Cottage. Mr. Fred Burrell's pretty cottage at Buckeye Lake has just been completed and the family will go there this evening. The cottage is most convenient and is very desirably located. It consists of two stories and is fronted by a spacious portico all screened in and has excellent shade. Mr. Burrell has also purchased a fine gasoline launch. The party expect to remain at the lake until the first part of September.

Farmers' Big Picnic. The farmers of Licking and adjoining counties are holding a big harvest home picnic at Buckeye Lake today. The picnic is under the auspices of the Grangers of Licking county, but interest in the big event is being taken by farmers of Fairfield and Perry county in large numbers. Up to noon a large number of tickets had been sold from this point alone, and the indications are that the attendance will be very large. Prominent speakers are present and a number of addresses pertaining to the farm and up to date farming methods were given. A feature of the occasion was the basket dinner.

Attending Musical Festival. Arthur L. Judson, dean of Denison University Conservatory of Music, is now at Ocean Grove, N. J., taking an active part in the annual musical festival which is now in progress at that place. Mr. Judson is acting in the capacity of assistant director of the choruses and orchestra, the prominent festival director, Tall Esen Morgan being the general conductor. A number of the best artists in the country are participating in the festival, including Mme. Nordica, who, it is understood, received \$2500 for one performance, after consenting to defer her trip to Europe for the concert. The total cost of this midsummer gala night, was estimated at \$3500 by Mr. Morgan.

Newark Passenger Aboard. The Advocate has received a copy of the Atlantic Review of Atlantic City, N. J., of the date of July 21, containing a graphic account of the breaking of the mast of the sloop yacht, "Golden Breeze," and the drifting of the vessel with its 22 passengers onto the treacherous "middle

grounds" off the mouth of the Inlet. The boat was finally taken from its dangerous position by the flagship of Commodore Kuehnle, of the Atlantic City Yacht club. Among the passengers on the Golden Breeze was Miss Nora Linehan, book-keeper in Linehan Bros. shoe store, this city.

A Daughter. Born, to Mr. and Mrs. I. E. Cochran, an eight and one-half pound girl, Bevard at Round House.

Levi Bevard is now employed by the contractor who is rebuilding the B. & O. roundhouse.

Davis is Appointed. Jay W. Davis of Granville, has been named as one of the guards at the Ohio penitentiary. The election was made yesterday when a large number of new officials were named by the board of managers.

At Plymouth Church. Rev. T. L. Kiernan, pastor of Plymouth Congregational church left Thursday night for a few days' trip to Niagara and other points. There will be no preaching service in Plymouth church next Sabbath owing to his absence.

Want Ad. Did It. Mr. A. F. Chilcott of the Newark Telephone office lost a pair of gold rimmed spectacles on Tuesday night and advertised the fact in the Advocate on Wednesday evening. Thursday morning he was notified that the glasses had been left at the Advocate office.

Trades Council. The regular meeting of Newark Trades Union and Labor Council will be held Sunday morning, August 12, at 10 o'clock, sharp. Let every delegate be present as there will be business of importance to transact. The last meeting before Labor Day. Geo. Groshans, Secretary. 10-2t

Will Give Addresses. Attorney B. F. McDonald leaves on Saturday for Rogersville, where he is to deliver an address at the picnic and reunion given jointly by the Modern Woodmen, State Grange and other societies. W. A. Ashbrook will also be present, who, with others, will probably give a few remarks.

Small Fire. At 2 p. m. Friday the North End and Central fire departments were called to North Newark where a spark from the engine of the Ruggs Halter works had started a blaze in a pile of hemp at the rear of the factory. The blaze was extinguished within a very few minutes after the arrival of the department, before any great amount of damage was done.

Machinists' Picnic. Licking Lodge No. 80, of the International Association of Machinists will have a picnic at Buckeye Lake Park on Wednesday, August 20. The general committee in charge of the arrangements for the second annual picnic is composed of Ed Stapleton, Harry Sessor, C. Buckingham, Joe Fisher, William Cluxton, Ed. Kilpatrick, James Alspach and Harry Wilson.

Will Beautify Residence. Mr. Ed Doe has plans under preparation by Architect W. E. Thebaud for the complete remodeling of his Hudson avenue residence. The design prepared will completely change the appearance of the property. The structure will be treated in colonial style, with an immense veranda, in front supported by Ionic columns. The change will make a very attractive residence, as well as to this part of the avenue.

Walter Flory's Condition. Reports from Cleveland concerning the condition of Walter L. Flory, who underwent an operation for appendicitis on Saturday of last week, were to the effect that he was not doing as well as had been hoped for and that it was feared that another operation might be necessary. A telegram received by Attorney Charles L. Flory from the attending physicians on Friday morning was to the effect that they were encouraged and were hopeful that another operation would not be necessary.

Good Kansas Crop. The Advocate has received a letter from Mr. G. B. Channell of Hartford, Kansas, in which Mr. Channell relates his subscription for the Advocate for another year. Mr. Channell states in his letter that this year will be a record breaker in the agricultural history of Kansas. He says: "Kansas is O. K. with a bumper of a wheat crop for Lyon and Coffey counties. Some fields yield 10 to 15 bushels per acre and but few below 25 bushels, unless it was corn ground, which is not so good. I never saw better prospects for corn here in the 15 years I have lived in Kansas. All the crops are looking well and we are having plenty of rain."

Car Leaves Track. A city car, westbound, on the Church street line, left the track shortly after making the turn from West Main onto Fourth streets, shortly before 2 o'clock Friday afternoon, with 25 passengers, none of whom were injured, although all of them were somewhat shaken. The car, No. 22, was in charge of Conductor Beck and Motorman Jack Hoffman. It rounded the Fourth street curve well enough but after passing the limits of the guard rail of the curve, it jumped, stopping abruptly across the track. The cause of the accident is unknown, although it was believed to be due to the track being filled with mud and debris from the mudmen street of the C. & A. A city car was sent for and after considerable work succeeded in replacing the car.

ABOUT PEOPLE

Short Personal Items Gathered During the Day.

Miss May Grady, of Cincinnati, Ohio, is the guest of Mrs. E. E. McElroy, of 220 West Main street.

Mr. Louis Cuth left Thursday for a ten days' vacation, visiting Niagara Falls, Toronto, Buffalo and Cleveland.

George W. Baker is spending a few days' vacation, visiting Margaret Baker, in Washington, Guernsey county.

Miss Nannie Poppler, of Byesville, who has been visiting relatives and friends in the city for some days, has returned home.

Mrs. Dr. C. S. Morse, accompanied by her mother and daughter, returned Thursday from London, Ohio, where they have been visiting for several days.

Mr. Frank Weed, a Utica young man, arrived at the Newark Sanitarium Thursday afternoon where he will be under treatment for some time for his nerves.

Mr. and Mrs. James Cully, of Hebron, Miss. Thomas Cully and Mr. and Mrs. Harvey Lawyer, left Thursday night for a trip to Buffalo, Niagara Falls and Canada.

Mr. Frank O'Bannon, formerly a popular young man of this city, but who has been located in Philadelphia in the automobile business for some time past, is visiting relatives and friends here.

Mrs. Harry Garrett, Cliftonwood avenue, accompanied by her guest, Miss Grace Argo, of Chicago Junction, will go to Newark today to spend several days with Mrs. Garrett's mother, Mrs. Hager. Misses Grace and Carrie Hager, after a visit of two days at Newark, have returned to Camp Easy, where they are spending the hot days.

—Today's Zanesville Times-Recorder.

Mrs. R. W. Smith, son Frank, and daughter, of Newark, with their help, are occupying the Hazelton residence on West Main street, where they are taking their summer outing for a few weeks. Mr. and Mrs. John Berger and daughters, Lorena and Grace, of Newark, came up Thursday, making their first landing at the Chadwick home, going to Marengo Friday, and returning here Saturday for the Sabbath. John is on a ten-days' vacation from the Roe Emerson store, and he knows where to spend the time on an outing.—Alexandria Cor. Johnstown Independent.

Mr. and Mrs. Harry Butt visited friends in Newark Sunday, bringing little Mary home after a two weeks' visit. W. H. Kislengberg and wife, of Newark, returned to their home Monday after having visited a month at the home of his mother and wife, Mr. and Mrs. Add Kislengberg.

Misses Ellie Wolfe and Edna Wright, of Newark, are enjoying a delightful trip on the Lakes. Roe Emerson, of Newark, was a Johnstown visitor Monday. Mr. and Mrs. Ed Pease, of Newark, came up Sunday to spend about two weeks' vacation in

and are still living in the village. This is the first experience of the groom in the wedding business, but the bride is a hustling woman, and is now having her third term in matrimony, having previously been the wife of Elmer Van Kirk and Heber J. Gurney, both deceased. Mr. Gould lately purchased the nice home on E. Main street near the depot. Mrs. Gould is the owner of a 54 acre farm adjoining Mr. Colville on the east, on which she has just finished a nice dwelling, also two houses in the village, and we can see no reason why this new couple cannot do a general business along the matrimonial lines in our prosperous village. The Alexandria order hereby extends congratulations to the new bride and groom, Mr. and Mrs. Frank Gould.	FOR RENT. Five room house. Gas light and heat, near car line, North End; \$1.00. Five room house, convenient to Wehrle foundry. Eight room house, \$1.20. J. R. Warner, 25 1-2 South Side Square. Office phone 627; residence 1155.	Police men summoned to testify in the great divorce trial have been appearing in plain clothes. This should not be tolerated. In a real melodrama every performer ought to "dress the part."
Men's and Women's Shoes and Overalls worth from \$3 to \$1 are being sold for \$2 and \$2.50 by Howard Sheldon, 32 N. Fourth St. He has a reason for it. You save a dollar by it. 10-1d	GET THE MOST PLEASURE OUT OF YOUR VACATION. To do this you should go to Colorado where you breathe the purest air and see some of the grandest sights in the world. Here are to be found all the recreations of the east — golf, polo, boating, hunting, fishing, tennis, riding, etc., together with all the attractions of a new and mountainous country. Very low round trip rates to Denver, Colorado Springs and Pueblo, are now in effect, via C. Union Pacific, whose splendidly equipped trains and perfectly ballasted road-bed insure you a pleasant journey. For full information in regard to rates and Colorado literature inquire of W. H. Connor, G. A., 53 East Fourth street, Cincinnati, O. 6-6t	1-4 off on all Union and 2 piece underwear at Geo. Her mann's Remodeling Sale. 10-2t
WEDDINGS. MCCARTY-KUHN. At the home of the bride's parents, Mr. and Mrs. Louis Kuhn of New Salem, O., last Thursday, Miss Blanche Kuhn and Mr. O. P. McCarty of Johnstown, were married. They were married in the presence of the immediate families and a few invited friends, by Rev. Mr. Griffith, of Thornville. The bride is a very popular young lady. The groom has been in the employ of S. Peon & Co., millers, for the past — at Johnstown.	GOULD-KNEY. 10-1t. The local Johnstown Independent says: Notwithstanding the weather we are in the matrimonial mood at Newark, news of Judge B. Nash, Mr. Frank Nash and Mr. O. P. McCarty, who were married in the presence of the immediate families and a few invited friends, by Rev. Mr. Griffith, of Thornville. The bride is a very popular young lady. The groom has been in the employ of S. Peon & Co., millers, for the past — at Johnstown.	Switzer Brothers will be at the Grubbs Farm on South Fourth street, Saturday afternoon to buy horses. 21-4-8-9-10.
AMUSEMENTS. The Myrkel-Harder stock company, which is appearing at the Auditorium this week, has played to a well-filled house every night so far, and merits good attendance, being an exceedingly well-balanced company. The bill of Thursday night was "A Ruined Life," in which Miss Hazel Carlson met with the heartiest applause throughout the evening for the clever way in which she presented the two characters, Laura Drew and Bos. Lester. The comedy is good and the specialties each deserve mention. The bill announced for Friday night is "Dons of New York," in which new comedies are to be introduced, and the company has good chances in the comedy.	To Remove Freckles & Pimples In Ten Days, Use Nadinola. A new discovery, sold under a positive guarantee and money refunded in every case where it fails to remove freckles, pimples, etc. Nadinola, 15 cents. It is a new discovery, sold under a positive guarantee and money refunded in every case where it fails to remove freckles, pimples, etc. Nadinola, 15 cents. It is a new discovery, sold under a positive guarantee and money refunded in every case where it fails to remove freckles, pimples, etc. Nadinola, 15 cents.	John E. Murphy, formerly chief of the Columbus police force, and one of the best known detectives in the country, who died at his home in Columbus on Tuesday, was buried Friday morning at 10 o'clock and the funeral was held in the Catholic cemetery in Columbus. Mr. Murphy was the officer who followed and arrested Bankers Olinger and Zimmerman in British Columbia several years ago and brought them back to America.

The Cleveland Leader expresses its belief that the Republican state convention will be of the "good old free-and-untrammelled kind." It says: "There are numerous rumors, happily mostly from opposition sources, of efforts being made to control the convention in the interest of various cliques of politicians, but there are few indications that any serious attempt of the sort is contemplated." How easily some Republican papers can lead themselves into a delusion and a snare. The organ of Cuyahoga county Republicans is not keeping up with the expressions of papers in its own party. All that it says about there being few indications of serious attempt to boss the convention is offset by the following which it prints immediately after the declaration: "The Republican party in Ohio does not need bosses, but it does need, and needs exceedingly, a wide-open convention free from all ring control—a convention in which men will be nominated on their merits and principles promulgated representing the views of the masses of the party." This is equivalent to saying that the party has been having bosses, that it has been in the habit of nominating men not because of merits and promulgating principles with which the masses of the party have not been in accord.

Bulbs for House Culture.

Nothing is sweeter at Christmas time than the fragrance of freesias, and their lovely one-sided horizontal spikes are always welcome.

In ordinary house-culture, freesias hardly bloom before February, and if you want them during the holidays you should order the bulbs in August. The pure white variety is most esteemed. Plant seven bulbs in a five-inch pot. Be careful not to keep the soil wet all the time or the freesias will rot at the surface of the ground. Roman hyacinths can be had at Thanksgiving without a greenhouse if bulbs are ordered in August. The Roman hyacinth is the most accommodating of all bulbs. It requires the shortest period of root growth in a dark, cool place, and can be had in bloom from November to May by means of successive pottings. The Roman hyacinth has none of the stiffness of the common hyacinth.—Extract from The Indianapolis News.

SOLDIERS REUNION

The twenty-eighth annual reunion of the 76th O. V. V. will be held at Urbichsville, Ohio, August 20, 1906. There will be five other regiments met with us on that date. There will be a free dinner, a grand parade and a good social time in general. All ex-members of the 76th are requested to be present. A camp fire will be held in Wednesday evening, August 29. Those wishing to attend can leave here at 5 o'clock p. m. The train on Thursday the 30 will leave here at 8:20 a. m. We hope to have a good attendance and expect a good time.

EVERY CITY NEEDS PLAY GROUNDS

Few Towns as Happily Situated as Newark—River and Adjoining Hills Should be Made Places of Public Recreation Before it is too Late.

No municipal function has been so widely extended in the last score of years or is so well administered today as public recreation. It is almost universally recognized that the congestion of life in cities and the intensity of modern industry require special provisions for open spaces where the right use of leisure may be encouraged.

The simplest, and perhaps, most necessary provision for recreation is made in public parks. These were originally rather accidental in their location, except that every New England town had its common, and most cities of the Middle West their courthouse square. Within the last few years not only have the larger cities added very much to their park area, by gift or purchase, but nearly all the smaller cities have some park provision, and the ideal of the 20th century city is a park system. This includes boulevards or driveways, small parks in the heart of the city, larger parks and playgrounds in the residence districts, and rural parks. A boulevard is a park-like street, which serves the purpose of giving access to outlying parks while at the same time it is itself a narrow park, benefiting, particularly, the district through which it runs. One of smaller cities which developed a system of driveways giving easy access to the country is Madison, Wisconsin, where the Park and Driveway Association has provided twenty-five miles of drives into and about the environs of Madison.

The small park is often of historical origin and bears the most intimate relation to the active city life. The best provided city in America with such open spaces is Washington, which has, including its larger parks, three hundred public squares, most of them little squares, triangles and circles at street intersections, well distributed throughout the city. Unless a city has included in its original plan such spaces, they are difficult and expensive to secure; and it probably will feel the necessity of spending public funds first for places of recreation, either playgrounds or parks.

Every city needs playgrounds, such as those being provided in Chicago today, which is rapidly relieving itself of the stigma which attached to previous inactivity by providing the best equipped playgrounds in the world. The ten small parks opened within the last twelve months, including indoor and outdoor gymnasiums and swimming baths, play spaces for young and old, and a neighborhood center building for public meetings and entertainments, and are well surrounded by beautiful plantings. While the recreation parks should be located near the centers of population so that no child is compelled to go more than half a mile to a public playground, most cities will add to their beauty, as well as secure the most attractive spots for recreation, by utilizing the river banks, water fronts and hills in or adjoining the city.

One of the most beautiful park systems in the country has been developed within the last ten years in Newark, N. J., and its suburbs, where the Essex County Park Commission has utilized low-lying ground within the city limits which was unsuitable for building purposes, and the hills near the cities where the most beautiful scenery could be enjoyed. The land in each case was bought cheaply and the best possible parks created at the minimum expense. No city located on a river can lay claim to civic patriotism unless it has utilized the stream which gives the city character, by improving its banks, developing driveways and paths, and introducing swimming baths. That no city need be deterred from making public improvements because of limitations of population or funds, may be demonstrated by numerous instances.

Among the small cities of Ohio and Indiana which have admirable parks, may be mentioned, Youngstown, Mansfield, Amherst, Richmond, Fort Wayne, and Elkhart, in almost every case the chief beauty being derived from a wise utilization of the topography. Often large rural parks are possessed by some comparatively small communities. Lynn, Mass., with 70,000 inhabitants, has a park of twenty-five hundred acres. San Jose, Cal., with 40,000 inhabitants, has a beautiful canon park of six hundred acres, while Santa Cruz, with half that number of inhabitants, has a still larger park, and San Diego has a park of fourteen hundred acres in the heart of that city of 25,000 inhabitants. The city of Harrisburg Pa., with 50,000 inhabitants, has, within the last five years developed a system of parks, playgrounds and boulevards, including an encircling driveway and a great natural park of five hundred acres.

The time to provide parks and playgrounds for American cities is now, because the experiences of the different cities are stimulating; and for every practical reason it is desirable to secure beautiful pieces of grounds before they are built upon or become too expensive. Every city should have at least one acre of park space to each twenty acres of the city's area and to each one hundred inhabitants. This proportion is exceeded in many American cities, but less than that must be regarded as inadequate.

Few cities are as happily situated in respect to the surrounding country as Newark. The river and its adjoining hills on the east, the exceptionally attractive hills on the south, the fair grounds to the southwest, and the road to Granville on the northwest, ought all to be incorporated into a general system of pleasure grounds, some of which could be enjoyed merely by maintaining good roads; others require improvement either for beauty or recreation. Paths should be laid out along the river and the fair grounds developed into a place of public recreation where, as in the South Park of Chicago, no one should be allowed to make profit from the people's pleasure, but everything be provided free or at cost, for the enrichment of the leisure of the multitude.

LICKING BANK

Declares Dividend and Arranges to Take Care of Growing Business of Institution.

At the monthly meeting this week, of the directors of the Licking County Bank and Trust company, a semi-annual dividend of three per cent was ordered paid and a liberal amount reserved to undivided profits, showing the bank in a most prosperous condition. A committee was appointed to make extensive improvements in the banking room to accommodate the increasing business of the bank, and to furnish room for the additional help required.

Mr. Gard, the new secretary and treasurer of the company, has about completed the installation of the trust feature, and will on or about September 1, relieve Mr. Edw. W. Crayton, who will again enter into the real estate and building business, as he has formed a partnership with James K. Hamill.

For its white population, South Africa is perhaps the greatest market in the world for musical instruments. It spends for them \$1,000,000 a year, half of which is for pianos.

LICKING MINING COMPANY AT WORK

NEW MACHINERY INSTALLED TO GET GOLD SOUTHEAST OF NEWARK.

Tests Made in Past Three Weeks are Very Satisfactory to Those Who Are Interested.

Operations were begun by the Licking Mining Company on Friday in the gold field southeast of the city and from now on will be pushed rapidly. During the past three weeks many tests have been made of the gold bearing earth which have given great results.

A man who is interested in the new gold field, gives an Advocate reporter an idea of the machinery and the patent sluiceway that is being used to secure the gold. The sluiceway is composed of sheet steel, about 54 inches wide, turned up at each side about five inches of the same material on an incline of 20 degrees, running from a high platform where the earth and gravel are deposited to drop into a hopper which carries the dirt and gravel to the end of a huge washer made of iron, 29 feet long three feet in diameter, punctured with small holes, open at both ends, which is set on a trunnion lengthwise over the sluiceway. At the end where the dirt goes in a huge stream of water is thrown in by the force of an engine. At the other end of the washer which is open, there is an arrangement provided for that casts out all of the large gravel, and throwing it to one side of the sluiceway, out of the way. In the same end of the washer a smaller stream of water plays into the inside of the washer. This washer is operated by an engine and can revolve fast or slow, to suit. All the loose gold and mineral bearing substances pass through the perforations in the washer as it revolves, drops down into the sluiceway and then passes over the patent riffles. These patent riffles are something new to the mining world and are so constructed that they catch every particle of small gold, letting nothing escape, as the water drives it down the sluiceway over the patent riffles. This sluiceway, the patent riffles and in fact the whole plant are the product of years of scientific labor, which has now perfected it so that everything of value is saved, and for persons who have never seen anything of the kind or the working of the machinery, have no idea of what it is like.

These connected with the company say that gold is to be found here in paying quantities and say they are going to get it.

Suit Cases and Bags at Geo. Hermann's the Clothier, 16-21

The prison population of India is only 38 per 100,000 inhabitants. Sixty years ago there were 150,000 children at school in India. Now there are over 4,000,000.

If there were only one potato in the world, a careful cultivator might produce 10,000,000,000 from it in 14 years, and thus supply the world with seed again.

COMPANY G IS GETTING READY

NEWARK SOLDIER BOYS OFF TO CAMP ON NEXT SUNDAY MORNING.

Captain Henry Expected Home From Port Clinton Tomorrow Evening to Join Company.

The members of Company G have been hustling during the past week in preparation for camp, and things are about ready for the departure for Strasburg, Tuscarawas county.

The train bearing the local company will leave here at 12:40 Sunday afternoon, and will be in two sections, the first in command of Major Elmer Blizzard, and the second in command of Lieut.-Col. Huff, of Delaware. The sections will carry a troop of cavalry from Columbus, and possibly a part of the Ninth Battalion, beside the companies.

Captain George Henry is expected to return Saturday evening from Port Clinton, and will leave for camp with the company. Every member of Company G will be taken to camp and in case all are not on hand Sunday, a sergeant will be left here to bring the others Monday, and failure to appear will be punished.

The hospital, signal, and general supply corps of the Fourth, passed through the city over the Panhandle Friday morning, en route for Strasburg from Columbus.

All members of Company G are expected to get their uniforms at the Armory on East Main street, before Sunday, if possible.

CARPENTERS' PICNIC.

SENATOR LEE PAYS FOR STEEL PLANT

MONEY DUE ON PURCHASE OF
WEST NEWARK FACTORY IS
HANDLED OVER.

Hull vs. Trust Company—Fish Case
Still on Trial—Court House
News of the Day.

John David Jones, as special master commissioner in the case of Wm. E. Miller, as receiver of the Newark Iron and Steel company, against the Colonial Trust company of Pittsburgh, Pa., has filed an additional report. He says that the court having extended the time of making the report of the sale of the real estate and property made by him on June 2, 1906, and the time in which J. W. Lee, the purchaser, might comply with the terms of the sale by making payment of the balance of the purchase money until August 10, 1906, he now as special commissioner, informs the court that on the 8th day of August, 1906, J. W. Lee, as said purchaser, fully complied with the terms of the sale by paying to him the sum of \$6170, be-

ing the balance of the purchase money then unpaid.

Hull vs. Trust Company.

In the case of Eli Hull against the Newark Trust company and others, the plaintiff has filed his reply to the answer of the Newark Trust company. The plaintiff admits that in the fall of 1898 he built the plaintiff's premises, Jennima N. Hull, the then owner, joined the west end wall of the building then built to the south wall of the Pataskala building, by building it north to the same; that Jennima N. Hull built no north wall to her building between the walls thereof, and did insert timbers into the south wall of the Pataskala building, and did extend her east and west walls up to the brick wall of the Pataskala building. Plaintiff says that every other allegation contained not admitted to be true, is not true and he denies the same. Plaintiff says that according to a deed executed by Adam Fleek and wife to Virgil H. Wright, his son-in-law, on the 5th of March, 1862, "it was the intent and design of the deed to convey to the Wright heirs and assigns all the land east of the alley and south of the east and west boundary line described, owned by Adam Fleek in said lot, or which is conveyed to said Fleek by John I. Mooney and wife by deed dated April 1, 1862. Also that it is understood that for the purpose of erecting a building upon the land conveyed, to attach to, connect with and use the south wall of the Pataskala building in the manner usual in

such cases, provided that the right and privilege is qualified to this extent, that west of the east line of certain windows in the second and third stories of the south wall of the Pataskala building distant 40 feet from the front thereof, said Wright and his heirs shall not have the privilege to attach to or connect with or use the south wall above the lower line of the windows of the second story of the Pataskala building, but it is understood, however, that Wright and his heirs shall have the unqualified right to erect on the north side of the lands, a building wall along the entire length of the Pataskala building, or westward from the east line of said windows in said second story and third story without any regard to the windows in the Pataskala building. And it is further understood that said Wright, his heirs and assigns are not to impair the south foundation and cellar of the Pataskala building in digging cellars upon the land conveyed."

Plaintiff also says that Adam Fleek continued the owner in fee simple of the remaining part of lot 65, which adjoined and still adjoins the premises described, for many years after his death; that Fleek died intestate, leaving two daughters and a son his heirs-at-law, who inherited from him the title to the north part of lot 65, adjoining plaintiff's premises, and that the Trust Company derives its title thereto wholly through said inherited title, and that the Trust company is estopped to deny the existence of the north line of plaintiff's premises, or to claim that any possession that the Trust company or its predecessors in title may have had by reason of the location of any part of the south foundation wall of the Pataskala building, south of plaintiff's boundary line as adverse to the title of plaintiff as derived from the Fleek deed to Wright.

Therefore, and by reason of the premises, plaintiff prays for the same relief as prayed for in his amended petition and for all proper and equitable relief. B. F. McDonald and Jones & Jones, attorneys for the plaintiff, Eli Hull.

Still on Trial.

The case of the State of Ohio vs. Albert Weathers, charged with having in his possession a set net, contrary to the laws of Ohio, which was commenced before a jury in Justice Lake's court on Thursday is still on trial.

Taken to Asylum.

David McMullen, adjudged insane by the Probate court Thursday, was taken over to the State Hospital on Friday by Deputy Sheriff Hindle.

Taken to Industrial School.

Oscar Wilderson, the 14 year old boy who was sentenced to the Boys Industrial school at Lancaster for petit larceny, was taken over to Lancaster on Friday and turned over to the officials of that institution.

SALVATION ARMY

Big Tent Meeting Last Night Addressed by Rev. L. S. Boyce—A Special Program Saturday.

It was somewhat of a question last evening as to who was the more enthusiastic on the postiveness of the real satisfaction of a Christian experience, the staid, solid Presbyterians or the humble workers of the Salvation Army.

One thing was certain, that none who were anywhere within the vicinity of Sixth and Main streets last evening and heard the singing and the testimonies that came from both church and army followers doubted for one moment that those testimonies and songs came from hearts that had proved a good thing and knew it.

The Rev. L. S. Boyce was perfectly at home and his words were inspiring and full of deep meaning and touched with challenge in the Holy Ghost as to any being able to doubt

or question but that God was love and had shown his love by the provisions he had made for His people.

The tent was full to the overflowing point before the time for starting the meeting, and the singing was well begun when the little band of Salvationists came from their outdoor meeting. Good for the Presbyterian friends, there is no question but these people are at home in evangelistic service. Let the church generally rally to the work and you will need no law to close saloons.

Tonight the children have their chance to prove themselves and win their prizes and help in the good work. Now Mary and Jane and Dick, Tom and Harry, hunt up that best piece of yours and get to the tent tonight. There's a good prize to be won. All are welcome. No entrance fee.

Saturday at 2 p. m. lemonade and cakes, apples, game and prizes free to all and any boy and girl.

Baseball, croquet, basket, tricks and needle threading contest. Mothers and friends send along or bring along some cakes or fruit and help to make the future president and coming generation happy at 2 p. m. Saturday at the old graveyard, Sixth and Main streets. Poor children especially are invited. There is someone in charge of the tent all day and will answer all or any inquiries or will be pleased to receive your gifts or promises.

Grab Trial Continued.

The case of the State of Ohio vs. Herman Gubb, a driver for the Shaw Milk Depot of this city, who was arrested on a warrant sworn out by J. W. Snow in Justice N. A. A. court, charging him with having collected \$110 from him off the wagon, during the past several months, was called for trial Friday afternoon. On account of the absence of several of the attorneys who were engaged in the trial of another case, the case was continued until next Thursday afternoon at 2 o'clock.

The King of Cambodia, who is visiting France, drank his first glass of champagne the other day. Mr. MacCallister, through an interpreter, informed the officers that he had followed the blood of 2000 people in golden dancing dresses, but would not send more.

Youngstown-New Castle, rain.
Mansfield-Lancaster, game called in third inning on account of rain, with score 1 to 0 in favor of the latter.

Today's Games.
Zanesville at Newark.
Akron at Sharon.
New Castle at Youngstown.
Lancaster at Mansfield.

Zanesville, O., Aug. 10.—The rain man did manage to hold off long enough here yesterday afternoon to give the Drummers an opportunity to annex another victory from the Molders and incidentally make it "even Steven" on the series of games played thus far. If there is only consolation in this fact, it might be stated that it was a hard game to lose, as the bunch behind Stroup outthit and outplayed the Drummers in every department but on bases.

The story of this defeat is the same as the stories which came from the east a week or so ago. The Molders were simply unable to make their hitting ability to count in the run making business. Larry Merrick in this morning's Times Recorder, relates the story in the following way:

Mr. Joe Stroup, who made a dash-debut in the O. P. league with a 1 to 0 victory at the Mogul's expense some weeks ago, seemed to have had something hung on us again yesterday. The Drummers did little business with him, but fortunately they made gallant use of the base hit transactions. They counted once in the first inning by means of a lonely hit and again in the fourth they showed a man over the pan on a lonely hit. That pair of runs was enough to win.

Jeems Lucas, who was back at second had a happy day. He laughed and laughed, and ever and anon he cut off a base hit by some gallant effort. He was as happy as a big sunflower around the keystone sack, and it was a pretty race for ginger honors between him and our Irish first baseman, Mr. Barney Gilligan. The whole team lent good aid to Ace and that's pretty near the secret of the winning.

The story of the game is short. Outside of the scattered hitting which put men on the paths in every inning but two and thus kept our bugs on the anxious seat, there was not really a whole lot to the game. As fate decreed Zanesville didn't get more than half a hundred on the bases, but they finally managed to make enough of them count.

After Daniel Davis had lined to Gill in the first, Lefty Snyder brought the handful of Newark bugs to their feet with a punk infield blow. "The Cheese" however, forced him on an attempt at hit and run. Mr. Watters skied to Miller and there was nothing doing.

B. Quinn couldn't get it out of the diamond in our half, but Bill Miller let go of a beaut over second. He stole second and Gill laid down a dandy bunt to Watters and Bill moved up one on the out. Cooper hit to Davis, but "Shawnee Bill" Bailey mowed the peg, Miller scoring. Ingerton ended that again by flying to Snyder.

The Molders tied us up in the fourth. Two down, Havel hit and stole second. "Sonny" Drake's timely bing to left scored him. "Sonny" himself stole second but Ace worked on Winters and he died. Lucas to Gill.

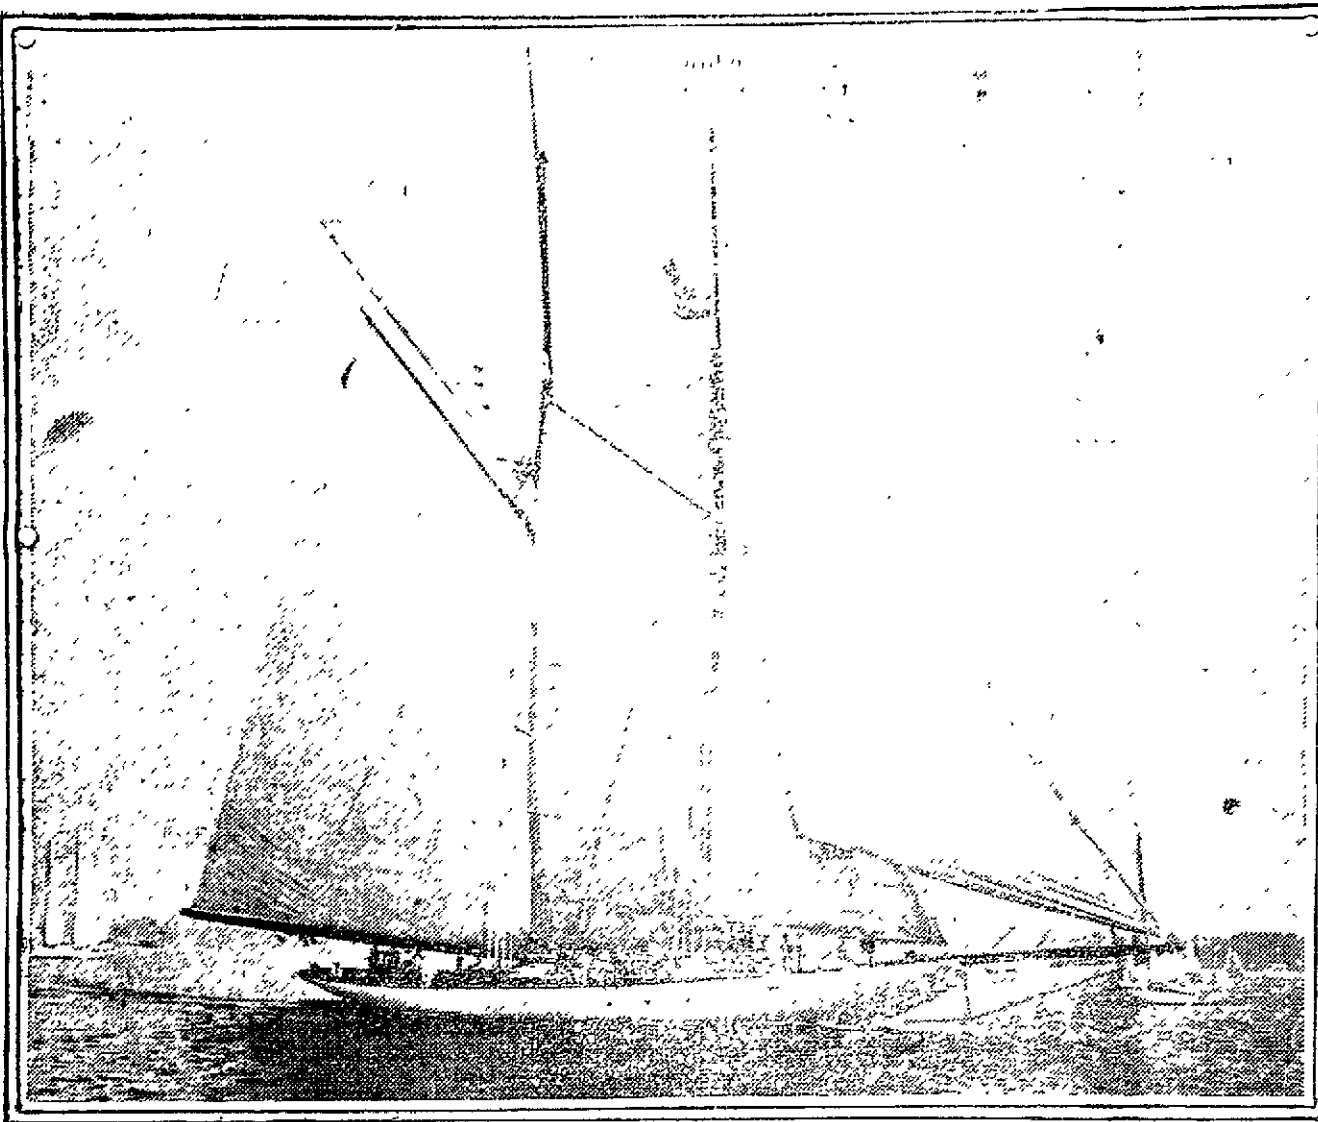

Our long distance hitter got in his deadly work in our half and subsequently brought in what proved to be the winning run. Mr. Ingerton smacked for three over "The Cheese's" head, and Eddie Lauzon was good for the long fly to score him. That was the sum and substance of the scoring business yesterday. Newark kept putting men on the bases by various devices, but they got them there most after it was too late to do any business with the plate.

The Drummers bunched a round of clunkers in the seventh, but Sharon and heady fielding kept the runners a long, long way from the goal. One

Closest Finish Ever Recorded in Races

MARTY SAYS NO TEAM NEXT YEAR

YOUNGSTOWN PENNANT WINNING AGGREGATION LOST HEAVILY.

Hogan May Manage Team in American Association Next Season, According to Report.

For several weeks rumors have run riot to the effect that Youngstown will not have a baseball team next season. At first this was thought to be merely idle talk, but they have become so persistent that it is now taken to be an acknowledged fact. An energetic reporter on the Akron Times in an interview with Marty Hogan, has it from the Youngstown Chief's lips that the story is straight and it is put in the following words:

"No, sir; it's no joke about Youngstown going to quit baseball this year," said Marty Hogan. "Our backers have tired of putting up the dough to furnish the game for an unappreciative public. It looks to me as though baseball will be a thing of the past in steel town for at least a couple of years. The attendance this season has put the club heavily in the hole."

Regardless of the fact that the team has been a losing proposition all season, the backers there have shown the true sportsman's spirit by giving the best baseball for the money of any team in the league.

The Lancaster Eagle uses a straight story that Marty will be found at the head of one of the American Association teams and, in speaking of the matter, says: "We have it upon good authority that Marty Hogan will manage a team in the American Association next season. During his last trip here he told Manager Gray that he was going to draft three Lancaster players for this association team. He didn't say which three, but it is supposed it will be Upp and Compton as two of them."

It has also been stated that Sharon wants Marty to put in a winning team for next year, but it is hardly probable that Hogan would be satisfied to stay in the O. P. league, especially if there is an opening in a higher class.

Hogan has given Youngstown three champion teams and it looks like they were due for another as it is hardly Akron will pass the champs in the race this season. The Youngstown public is very unappreciative, not to give the three-time pennant-winning team better support. Perhaps the novelty of the thing has been worn off by its frequent occurrence.

JUSTUS' CAREER IN BIG LEAGUE

Manager Armour, of Detroit, picked up "Sport" Justus, the Lancaster twirler, last season and carried him along for several weeks. "Sport" looked good to the Tiger manager, but not good enough to entrust with a game. Justus told of his experience in the big league the last time the Larks were in Akron. The best of his story was the introduction. It went: "The best job I ever had was with Detroit last summer. I got \$100 for wiping the sweat off the Tigers' hats."

"Sport's" only work with the Tigers in a game was to dry the perspiration from the hat handles with a towel. Akron Times.

PLUMBERS WIN

An exciting game of ball was played on Y. M. C. A. park Thursday evening, between the plumbers and the clothiers. Inasmuch as the clothiers have thus far been invincible this season, the general opinion was that the plumbers were up against a tough proposition. They demonstrated the fact, for they knew how to play ball by defeating the clothiers by a score of 5 to 1. The battery for the plumbers was Lake and Campbell, and for the clothiers, Rich and Allen.

A WOMAN'S ORDEAL DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private life, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease, and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise sick women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen, of Manning, Ia. She writes:

"I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctor after doctor, and steady, and spent lots of money in medicine, but it all failed to do me any good. I had female trouble and would daily have fainting spells, headache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions just what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

Y. M. C. A. NOTES

Many innovations and improvements will be seen about the Y. M. C. A. this year.

The physical committee has recommended nearly \$800 worth of improvements for that department, most of which has been granted by the board of trustees.

The board voted to lay more emphasis on the junior department. The third floor will be furnished for their use, giving them separate game and reading rooms. This will much facilitate the work of the senior department also. The general secretary is on the hunt for a boys' work director. The association realizes that it has an obligation to all of the 3,000 boys of Newark between the ages of 10 and 16, and a man is to be put in charge of this larger work in this line.

A new type of religious work will be attempted this fall. A great effort will be made to enlist more non-Christian men in this department of the work. A conference of the leading Christian men of Newark will be arranged for sometime about the middle of September.

There is a great need for more games and more attractive ones for the young men. This problem is being studied by the social committee. Any suggestions from the members or others will be gladly received.

The secretary knows of a number of bright young men who are looking for positions and it is desired that the business men and employers call him up when they are needing reliable men. The leading periodicals for which the association subscribes will be sold at half price as soon as the new numbers arrive.

SUPT. VANATTA

(Continued from Page 1.)
conduct a public institution for that length of time and enforce the rules governing it without offending some people but it is safe to say that Mr. Van Atta has the great majority of the people of Newark on his side and since the announcement of his forced resignation was made in the Advocate Thursday scores of protests have been received.

It is possible that public sentiment will cause a reconsideration of the Board's action.
Mr. Van Atta has not had a vacation in the 18 years he has been in the city's service, but if he is now to receive one through no fault of his own, it will be but a short time, before he will find congenial and suitable employment, for men of George Van Atta's caliber and quality are not too plentiful.

Taxpayer Wants to Know.

(Communicated.)
It is with extreme disgust to me, and to thousands of others that I read of the asking of the resignation of Mr. George Van Atta, superintendent of Cedar Hill cemetery. In Mr. Van Atta we have a man that has proved himself thoroughly competent for the past sixteen years, a man whose every aim has been to make Cedar Hill a credit to the city and the beautiful spot that it is. In all Newark there are not more than a dozen people that will approve of the actions of the great and dignified B. P. S. while the grievance of these few will be the same as that of the president of the B. P. S., a sore spot caused by the enforcement of the cemetery laws which were wont to be disregarded by them, a fact which they can not deny. Before the people of Newark submit they should demand a thorough explanation of the same—let them explain the why's and wherefore of such actions and the citizens pass judgment upon the same. This is a vital question to the citizens of Newark, thousands of whom are interested and should know.

—A Taxpayer.

Over-Work Weakens Your Kidneys.

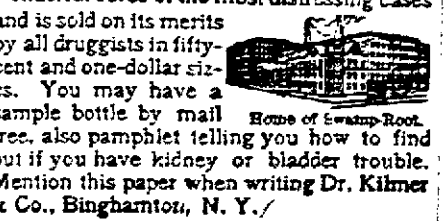

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmor's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmor & Co., Birmingham, N. Y.

SILVER FOR MINOR COINS

To Be Purchased by the Government
In Open Market.

THE NEED OF SMALL CHANGE

Secretary Shaw Finds Authority Under an Old Law to Meet the Requirement—First Purchase of Silver For Coinage Since Repeal of Sherman Act in 1903.

Washington, Aug. 10.—For the first time in 13 years the government announced its intention to purchase silver for coinage purposes.

Anticipating that its reappearance as a purchaser might temporarily disturb the market unduly, the treasurer already obtained control of considerable amounts for future delivery, so that it is in position to drop out of the market for several months if desirable.

Tenders of silver will be received at the office of the director of the mint Aug. 15 and every Wednesday thereafter until further notice. Said tenders are to be for delivery at the Philadelphia, New Orleans or Denver mints, settlement to be on the New York basis of bullion guaranteed 999 fine. The treasury reserves the right to reject all tenders or accept such part of any tender as may suit its convenience.

The average requirements of the treasury throughout the year probably will not exceed 100,000 ounces per week, and it will be the policy of the department, while keeping a reasonable amount on hand, to so distribute its purchases throughout the year that its demands will be uniform, and not an element of uncertainty in the market. These purchases will be made under the authority of section 3526 of the Revised Statutes.

The stock in the treasury became so low that it was apparent, according to the department, that the demands of a constantly enlarging trade could not be met without additional coinage. The secretary of treasury was in doubt whether existing statutes authorized him to buy bullion for this purpose. He was of the opinion that it would be better policy to meet future demands for subsidiary coin by the recoinage of silver dollars in the treasury, and so recommended to congress. Congress, however, having failed to act on his recommendation, Secretary Shaw requested an opinion from the attorney general as to his authority to purchase bullion for this purpose under existing law, and he received a favorable reply, based on section 3526, Revised Statutes. The policy just announced was accordingly determined.

From the resumption of specie payments in 1879 down to the year 1900 the constant increase in the stock of subsidiary coin required by the growing population and trade of the country was supplied by the recoinage of old and uncurrent subsidiary coins which accumulated in the treasury under the resumption act. In 1900, as this stock was running low, authority was granted in the monetary act of March 14 to the secretary of treasury to divert bullion purchased under the act of July 14, 1890, for the coinage of silver dollars, to the coinage of subsidiary pieces. Under this authority about \$33,000,000 has been coined since 1900. The stock of bullion in the treasury was exhausted more than a year ago, and since then no bullion has been available for subsidiary coins.

All outing or two piece suits greatly reduced at Geo. Hermann's Remodeling Sale. 10-21.

ROOSEVELT HOME PROJECT HAS FAILED

Proposition to Acquire the Place Where the President Was Born
Fallen Through.

New York, Aug. 10.—The Roosevelt Home club, which organized to acquire possession of the Roosevelt homestead where the president was born and to maintain it as a landmark in the city of New York, decided that it is not in a position to fulfill its mission. Justice MacLean in supreme court, on the application of Roderick Begg, president of the club, and the other directors and officers, signed an order permitting the sale of the Roosevelt homestead for the sum of \$60,000. The project of securing the birthplace of President Roosevelt at 28 East Twentieth street was discouraged by the president, and from that time the proposition became a failure.

A woman at Keighley, England, summoned for not sending her boy to school, explained to the bench that when she attempted to chastise him for not going he threatened to report her to the "cruelty" inspector.

Some of the restaurants for workmen in Paris are conducted strictly on hygienic principles. Even the napkins are not put into rings and allowed to touch, but are put into marked pigeonholes, and each laborer gets his own on entering.

2130 Granshaw St., Chicago.
Put the scalp in an active and normal condition, and the hair will take care of itself every time. The scalp is the soil in which the hair grows. It alone governs the growth of the hair, and it must be kept fresh and healthy to insure a good crop of hair. The hair is a product of the scalp, and all the treatments in Christendom will do no good, unless they are specifically efficacious in the cure of the diseases peculiar to the scalp. Now at all druggists, three sizes, 25c., 50c. and \$1.00 per bottle.
KNOWLTON DANDERINE CO., Chicago.

GIRLS MUST PAY FOR STOLEN SWEETS

Certain well known young ladies of the city, who are quite popular, and, in fact, who don't belong very far from the public square, were brought to earth with the usual "sneaking thief" Friday when it became known to them through a friend that they were soon to be presented with a bill from a certain business house, (also not a long way from the square) for stolen candy.

The young ladies had scarcely realized when "lifting" wee bits of taffy from the candy stand in the store, that their love for the sweets of life was causing them to overstep the bounds of legal propriety. There are four of the young ladies in question who made frequent visits to the confectionery counter of the store, each one at each visit departing with a tiny bit of candy. The proprietor of the store, cruel thing, now says that twenty pieces of cheap candy make a ten cent pound, and that 12 pieces of better grade make another pound and it is on this basis that he is preparing his bill, which, it is said, will amount to several cents, if not more.

The young ladies think he's just real mean and stingy, so there!

GLOOM OR GINGER?

Both Are Found Lurking in Your Breakfast, Dinner and Supper.

Not many people realize that the easiest way to affect the brain is through the stomach. The most common illustration of this is the result of drinking whiskey or any intoxicating drink. The same is true as to any article of food.

And you have probably at times eaten something that lay like a lump of lead on your stomach. You can't forget how it makes you feel—groggry, uncomfortable and peevish. That's because everything that affects the stomach affects the brain! If your stomach feels good, you will.

But not everything will have a effect on the brain. Pie won't. Neither will grease or fat. That's because there is no nourishment in them, they simply create heat but no strength. They make the stomach work overtime, make you dreary and your brain foggy.

Nature has made the cereals to supply the brain and muscles of the world. The most intensely nourishing cereals are wheat and barley. By eating these you get the greatest amount of strength and blood-fibre it is possible to get from any other food in the world.

That's what Hardyfood is made of—wheat and malted barley. Every particle of indigestible material found in them is thrown out, and there is left nothing but the very life of the grain—the purest wheat and barley.

You can eat Hardyfood for breakfast, dinner or supper, or noonday luncheon, with cream and it will taste delicious.

Often you sit at table and don't know what you want. Just eat Hardyfood. It will satisfy that peculiar craving in your stomach, make you feel as though you had had a full, delicious meal, and without any of the bad after effects. It will make your stomach feel free. It will make your brain feel clear, and you will smile and be good natured. That's the object. Smile with success.

Hardyfood builds brain, bone, brawn and nerve, because it contains the most nourishing foods in the world.

You can't get a meal from a tenderloin steak; you can't remember things any better by eating ham. These things make fat—all fat and no brain.

Hardyfood gives the maximum of nerve and brain food, and demands the minimum of digestion. You hardly need a stomach to digest it.

It will make you feel good all over. It is the life of the whole family. Buy Hardyfood at any grocer for 10c. a package.

BANK CASHIER UNDER ARREST

Told the Police He Was Ready to
Give Himself Up.

STENSLAND STILL AT LARGE

Hering Reveals a "Side" Ledger in Which the Missing President Concealed Condition of Bank From State Examiner—Claims He Did Not Profit by Stensland's Acts.

Chicago, Aug. 10.—The Chicago Title and Trust company was appointed receiver of the personal estate of Paul O. Stensland, president of the defunct Milwaukee Avenue bank. The estate is valued at \$500,000. The appointment was made on the petition of three creditors. It was feared that because of Stensland's flight from Chicago he would transfer his estate and defeat his creditors.

Henry W. Hering, cashier, was placed under arrest, and will be refused his release on bail until his connection with the disappearance of nearly \$1,000,000 of the bank's funds is cleared up. Paul O. Stensland, president of the defunct institution, is still a fugitive, and although nearly 100 detectives are searching for the missing president, his whereabouts are as much of a mystery as ever.

Hering was in Chicago when he informed the police of his whereabouts and indicated his willingness to surrender. Within two hours he was in custody.

Hering was taken to the office of Chief of Police Collins and put through a thorough examination as to his knowledge of President Stensland's mismanagement of the institution. Hering declared he had no communication with Stensland for over a week. The cashier strenuously denied the charge that he (himself) is partly responsible for the failure of the bank. He maintains that if he is guilty of breaking the banking laws of Illinois, President Stensland is responsible, as Hering in his examination declared he never benefited a single dollar by President Stensland's peculiar system of banking.

Examination of the books is being made by representatives of the state, assisted by Hering. Assistant State's Attorney Olsen said many instances are being found of violation of the state banking laws, especially as to loans. Just how far these violations extend can not be determined until securities given for the loans can be examined. Olsen said that in many instances more than 10 per cent and in some cases 25 per cent of the capital stock were loaned to persons connected with the bank. It was discovered that Stensland loaned the Paul O. Stensland Real Estate company \$13,000. Four loans amounting to \$92,000 were made to as many persons who, it is reported, are clerks in the Milwaukee avenue co-operative store, one of Stensland's ventures.

The most startling discovery of fraudulent work was a "side" ledger Hering took from a hidden drawer. This he is said to have admitted to the investigators was kept from the state bank examiner on his annual visits. In it were found entries of loans, practically without securities, aggregating \$191,000.

Neither state nor police officials were satisfied with the explanation given by Hering of his connection with the collapse of the bank, and it was accordingly decided to refuse bail to Hering until the matter is investigated further.

GIRLS, HERE'S CHANCE BUT YOU MUST HURRY

El Paso, Tex., Aug. 10.—"For sufficient reasons I wish to meet a pretty brunette within five days, object matrimony, to meet the approval of my father's will."

This is the advertisement which R. A. Beasley, a young Tennessean now near Nashville, is printing in the local newspapers. He has been mining in Colonel Greene's rich camp at Cananea but recently learned that by the provision of his father's will, he would inherit \$15,000 if married by the time he is 30. He will be that age on Aug. 20, and must have a wife by that time, if he is to get the money.

TREATY ON TIBET

Text of Anglo-Chinese Agreement Signed at Peking Confirms Explanation Given.

London, Aug. 10.—The text of the Anglo-Chinese treaty respecting Tibet which was signed at Peking April 23 confirms the explanation given in the house of lords May 1 by Lord Fitz-Maurice, undersecretary for foreign affairs, that the convention did not alter the arrangement concluded by the Anglo-Tibetan treaty. The convention referred to enlarges Great Britain not to encroach on Tibetan territory nor interfere with the Tibetan government. On the other hand, China undertakes not to allow any foreign state to interfere with the government or internal administration of Tibet.

OHIO AND MARYLAND GOVERNORS HAD TO LEAP FOR THEIR LIVES

Narrow Escape While They
Were Taking Auto Ride
In Springfield

SCOTT OBJECTS TO JURORS

Oil Prices Reduced—Human Bones for
Ballast—Obtained Dead in St.
Louis. State News.

Springfield, O., Aug. 10.—Governor Warfield, Governor Harris and General G. Warren Keifer had a narrow escape from death while they were making an automobile tour of the city. The car of former Mayor Bowlus was piloting the party and was closely followed by the car containing the two governors and General Keifer. Just as the leading car crossed the main track of the Big Four railroad it broke down. The hind wheels were still on the track and the governors' car was within a few feet when the gates closed behind it. Seeing their peril they jumped just as the Big Four limited dashed by.

Two feet farther would have meant instant death for the entire party, as the train was running at the rate of 50 miles an hour.

Governor Warfield's visit to this city for the annual reunion of the Ohio Maryland association was ended by an impromptu reception. Governor Warfield was the chief speaker and was listened to by a crowd of 5,000 persons. Politics was entirely ignored. The governor and party departed for home after the reception.

Oil Prices Reduced.
Cleveland, O., Aug. 10.—The Standard Oil company reduced the selling price of all grades of refined oil one-half cent per gallon. The new quotations are as follows: Tri-state test 9 cents, water white Ohio state test 10 cents, headlight (175 degrees) 11 cents and Ecocene 11 cents. Quotations on gasoline and naphtha are unchanged.

Human Bones For Ballast.
East Liverpool, O., Aug. 10.—Human skulls and bones taken from a gravel bank where once was located an old graveyard are being used for ballast on the tracks of the East Liverpool Traction road. The fact was reported to Mayor W. V. Blake, who will take action.

Was an Ohioan.
St. Louis, Aug. 10.—Jere M. Hunt, city passenger agent of the Chicago & Alton railroad, died of kidney trouble after less than one day of illness. He will be buried at his boyhood home, Clyde, O.

Yard Foreman Killed.
Columbus, O., Aug. 10.—While opening a knuckle of the drawbar on a car, Stephen Tierney, 45, railroad conductor and yard foreman of the Hocking Valley here, was crushed to death.

Grip With Notes Lost.
Coshocton, Aug. 10.—C. C. Geib, a traveling salesman for a farm machinery company, and his driver, Henry Van Kennel, had a narrow escape from being drowned while fording a branch of the Walhonding river. The buggy went down stream. Van Kennel saving himself by clinging to the horse and Geib being dragged out later just as he was sinking. Geib had with him a grip containing over \$100 in notes on farmers and his

bank book. This went down the river, and was lost.

Scott Objects to Jurors.
Athens, O., Aug. 10.—The hearing on the motion for a new trial filed by Winfield Scott, Sr., was postponed until Monday at the request of the defense. Scott's attorney filed seven affidavits attacking two jurors, Harvey Linscott and George Martin, on the ground of having expressed themselves as to the guilt of Scott before the trial. The state will file a counter affidavit before the hearing Monday.

REV. JAMES T. LOWE AT YOUNGSTOWN, O.

Former Licking County Minister Now
Pastor of Grace Evangelical
Church, Youngstown.

Youngstown, O., Aug. 10.—The dedication exercises of Grace United Evangelical church in Jefferson street, will take place next Sunday. The building has been remodeled and enlarged at great expense and is very beautiful both inside and out. A new Sunday school room and library room has been added to the main church building. It is furnished with all modern conveniences and a credit to the faithful efforts of pastor and people. When the Rev. James T. Lowe took charge of the work three years ago he found a \$1200 mortgage on the property. This was lifted the first year. The present improvements will cost nearly \$2500 and the pastor expects to be able to dedicate it free of debt.

During the past three years the growth of this church has been remarkable. It is now one of the most largely attended in the West End, its congregation being made up from all classes. Whatever credit may be due for the building up of the congregation, the people of the church very freely bestow upon Mr. Lowe, who came here from Licking county.

50c fancy hose now 37 1-2c at Geo. Hermann's Remodeling Sale. 10-21

BRIBE OFFERED

If Mayor Would Not Oppose Lebanon
Saloon Keepers—Turned Down
in Fairfield Co.

Lancaster, Aug. 10.—The saloon men have become tired of a closed town on Sunday, which has been the case here since Mayor Hursell took the oath of office last January. The fact has become known that several of them made the Mayor an offer of \$200 per month for his own personal use if he would not oppose them. The mayor indignantly spurned the offer, and told them the only way the saloons could be opened on Sunday was to secure a consent of the majority of the city voters.

1-4 off on all Union and 2 piece underwear at Geo. Hermann's Remodeling Sale. 10-21

WARD PAROLED

Columbus, O., Aug. 10.—A parole has been granted Benjamin Ward, who was received in the penitentiary February 18, 1895, from Newark, having been sentenced to 20 years imprisonment by Judge Gill, for criminal assault.

"GET THE HABIT"

THE A. L. NORTON CO.

MOTHER OF CHILD WIFE SUICIDE

Causes a Sensation at Funeral Services by Demanding the Removal of Daughter's Husband.

Dayton, O., Aug. 10.—"Take that man out! He killed my daughter!" raving hysterically, Mrs. Rebecca Morris, mother of the child wife of Fred Caspers, demanded at the funeral services yesterday afternoon the removal of the young man whose quarrels and arrest are alleged to have led to the suicide of the bride of a month.

Weeping bitterly and wringing his hands in anguish, Caspers was taken to the Morris home from Central police station to take what he presumed was the last look at his dead wife. Repeatedly he knelt over the casket and kissed her lips. Men were needed to support him as he left the coffin to be led in iron backs to the station house. As Caspers left the home so piteously did he beg to be permitted to attend the services that a friend produced \$50 bail and the young husband appeared at the house. The services were already in progress when Caspers arrived. He was led to a seat near the casket.

Rev. Mr. Icenbarger had just started an impressive part of the ceremony, when Mrs. Morris became hysterical and demanded that Caspers be removed. It was finally necessary to lead Caspers from the house. The little procession subsequently made its way to Woodland cemetery, not far distant from the stricken home, where another scene, distressing to mourners and onlookers, took place. Caspers later was returned to his cell in Central station. He will have his hearing on the charge of assault and battery today.

Rev. Icenbarger wedded the couple a month ago.

All outing or two piece suits greatly reduced at Geo. Hermann's Remodeling Sale. 10-21
